Grain Inspection, Packers and Stockyard Administration

TITLE: Swine Contract Library

OMB CONTROL NUMBER: 0580-0021

SUMMARY OF COLLECTION: The Swine Packer Marketing Contracts, subtitle of the Livestock Mandatory Reporting Act of 1999, amended the Packers and Stockyards Act (P&S Act) to mandate the establishment of a library of swine packer marketing contracts (swine contract library), and a monthly report of types of contracts in existence and available and commitments under such contracts. On February 17, 2016, a final rule was published re-establishing regulatory authority for the Swine Contract Library's regulations (9 CFR part 206) by amending the regulations' authority citation to include Subtitle B of Title II of the P&S Act (7U.S.C. 198-198b). The collection of information is necessary for the Grain Inspection, Packers and Stockyards Administration (GIPSA) to perform the functions required for the mandatory reporting of swine packer marketing contract information.

NEED AND USE OF THE INFORMATION: Information is required from packers for processing plants that meet certain criteria, including size as measured by annual slaughter. This information is collected using forms P&SP-341, 342 and 343. GIPSA is responsible for implementing and enforcing the P&S Act, including the swine contract library. The information collection and recordkeeping requirements for the swine contract library are essential for maintaining a mandatory library of information on contracts used by packers to purchase swine from producers and monthly reports of commitments under such contracts.
